

Multi Functional Articulating Endoscope

Model No: ET 1002	Model No: ET 7006	Model No: ET 9009
with 8 mm lens, 1 mtr cable length	with 6 mm lens, 1 mtr cable length	with 8 mm lens, 2 mtrs cable length

Six functions

2.0 megapixels	Full HD
5 inch IPS display	6 nmov coms sensor
Temperature control	Take photos videos

TECHNICAL SPECIFICATIONS

Particulars	
Screen Type	5.10 inch IPS Display
Lens	Dual Lens
Image resolution	1920* 1080P
Auxiliary light	8+ 1LED
Charge time	About 2.5h
Charging interface	Type C
Flexible cable length	1M/2M

TECHNICAL SPECIFICATIONS

Particulars	
Screen Type	2 million pixels
Video resolution	1280° 720P
Focal depth	A:2- 10CM B:25CM
Battery	2000mAh
Working time	About 3h
Waterproof size	Ip67 (for lens)
Packing size	42*22*8.5M

FEATURES

<p>360° two-way rotation for wide angle</p> <p>Steering knob to control lens direction precisely</p>	<p>Two-way easy to bending 180° and combine with dual lens</p> <p>Full HD real view can see more</p>	<p>2.0 Megapixels</p> <p>Apply for new technology camera to capture per frame</p>	<p>Equipped with temperature sensor</p> <p>Over temperature protection and identification, more than 3000 temperature identification frequency per minute, real-time monitoring of temperature changes</p> <p>80°C Automatic shut-down</p>	<p>High density tungsten wire material</p> <p>360 degree ergonomic designs structure with good durability and corrosion resistance</p> <p>High density tungsten wire</p>
<p>IP67 waterproof</p> <p>The snake tube has the performance of heat insulation and chemical corrosion protection line to easily cope with the harsh underwater environment of the pipeline</p>	<p>Product details</p> <p>Focal depth 2-15cm</p> <p>Long pipes can also be seen clearly</p>	<p>2000mAh battery</p> <p>Large capacity battery long standby time</p>	<p>Anti-slip silicone coated roller</p> <p>Precise and smooth control of camera direction</p>
